

MEMORANDUM

TO: FMPA Members
FROM: Sharon Samuels
DATE: March 10, 2022
SUBJECT: Award Status - Wood Poles Bid (ITB# 2019-009)

Ace Pole Co. of Blackshear GA (an awarded bidder) notified FMPA and the Participating Members of this Wood Poles Bid, that the impact of supply chain issues and circumstances in market due to COVID-19 has created pricing concerns for them. The unprecedented increases in the raw materials, fuel, and freight costs have impaired their ability to holding pricing firm through April 2024 as stated in the bid terms.

The Participating Members have reviewed the documentation from Ace Poles and have accepted the unscheduled price change.

The new 2022 pricing is attached. These changes also include a fuel surcharge that will be added to each load of poles. The surcharge will be based on weekly pricing of diesel fuel from <https://www.eia.gov/petroleum/gasdiesel/> . When diesel fuel costs return to \$4.00/gal on the website, fuel surcharges will no longer be added.

All other aspects of this bid and award remain the same.
