

#### FINANCIAL PACKAGE MEMORANDUM

TO: FMPA Financial Statement Recipients

FROM: Accounting Department

DATE: October 27, 2022

**Subject:** The attached preliminary unaudited summary financial statements, and unaudited

detailed financial statements of the Agency, All-Requirements Project, and Other

Projects are for the period ended September 30, 2022.

### Material Variances: All-Requirements Project

Total Expenses increased \$220.7 million Year to Date 2022 vs. 2021 primarily due to an increase in Fuel Costs due to higher prices of natural gas, and higher transmission charges.

### St. Lucie

Total Expenses and Fund Contributions decreased \$7.0 million Year to Date 2022 vs. 2021 primarily due to lower Fixed O&M costs at the plant, lower contributions to the Nuclear Fuel and Debt Service Funds, and lower contributions to the General Reserve Fund.

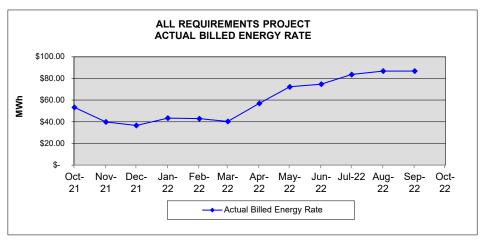

### **Stanton II**

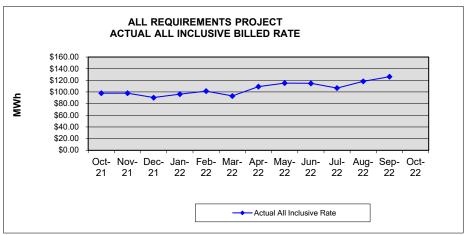

Total Expenses and Fund Contributions increased \$6.0 million Year to Date 2022 vs. 2021 primarily due to higher Fuel Costs due to higher prices of natural gas and coal, higher contributions to the Renewal and Replacement Fund for Capital Expenditures, and increased contributions to the General Reserve Fund. Fuel expense is expected to increase significantly over 2021 levels as the plant is back to full operation for the rest of the fiscal year.

### **Stanton & Tri-City**

Total Expenses and Fund Contributions increased \$8.8 million for the Stanton Project and \$3.5 million for the Tri-City Project comparing Year to Date 2022 vs. 2021. This is driven by higher Fuel Costs due to increased prices of natural gas and coal, contributions to the Renewal and Replacement Fund for Capital Expenditures, fixed O&M costs at the plant, and General and Administrative expenses as billed by OUC.
