

**TREASURY MANAGEMENT SYSTEM**  
**FMPA RFP 2024-212**  
**Questions & Answers – Revised 11/7/24**

**1Q:** Is the agency considering partial responses as part of this RFP? Or will you only consider a single vendor to handle the entire scope?

**1A:** Our preference would be for a single vendor that can provide the full scope; the evaluation is based as such.

**2Q:** We reviewed the RFP internally and one question we had is if FMPA is interested in a 'best of breed' platform?

**2A:** yes, we will consider a "best of breed" platform, but preference will be given to a single solution.

**3Q:** Can you send a Word Doc version of the attached RFP so we can include our answers?

**3A:** Please do not change or manipulate the RFP document. If you have exceptions, please identify them by its correlating section and provide your changes. If you'd like to highlight how you meet a requirement, please note it in your proposal write up and identify its section from the RFP.
