**Re:** Status of the Substation & Generating Station Maintenance Services Award  
Bid ITB# 2022-034

\*\*\*\*\*

The Provision of Substation & Generating Station Maintenance Services Bid award extension is scheduled to expire February 28, 2025. According to the FMPA Terms & Conditions, the bid award may be extended annually by mutual consent.

Last year, the award was extended with ABB, Inc.; Electric Power Systems; Electrical Engineering Enterprise; Flo Power; MP Predictive Technologies; North American Substation Services; Patterson & Dewar; Premier Power Maintenance; Southern Switches & Contacts; and Utility Engineering, LLC.

All awarded bidders have been contacted to determine their interest in extending the bid award for an additional year.

Electrical Engineering Enterprises has implemented a price increase in accordance with Paragraph 13 (escalation/de-escalation) of the Terms and Conditions section of the bid. It was accepted by the Participating Members.

MP Predictive Technologies has implemented a price increase in accordance with Paragraph 13 (escalation/de-escalation) of the Terms and Conditions section of the bid. It was accepted by the Participating Members.

Premier Power Maintenance has implemented a price increase in accordance with Paragraph 13 (escalation/de-escalation) of the Terms and Conditions section of the bid. It was accepted by the Participating Members.

Utility Engineering declined the extension opportunity.

All other bidders have agreed to extend their terms and prices for an additional year. All other aspects of the bid remain the same. This award extension expires on February 28, 2026.

If you have any questions regarding this bid extension opportunity, please feel free to contact me.
