Item No. 1

Modifications to the RFP Document: Addition of Section 40.

Only written responses provided by FMIPA to proposers' questions will be considered official. A verbal response by FMIPA will not be considered an official response. Questions and Answers

Questions will be accepted through the deadline noted in the schedule from potential bidders who notify us that they will be a bidder. We reserve the right not to answer other questions. Questions and answers will be distributed to all bidders.

Upon receipt of this Request for Proposals ("RFP"), potential Contractors shall immediately cease direct contact with individual FMIPA or Generating Facility employees regarding the subject matter of this RFP.

Notwithstanding the previous sentence, If FMIPA has questions about a particular proposal that, in the judgment of FMIPA, would be appropriate to ask a proposer to clarify, explain, or otherwise provide supporting information for its proposal, FMIPA reserves the right to pose such questions to proposers. In the event FMIPA does this, it will provide a notice to all proposers of the proposers that received questions from FMIPA, and the general nature of the questions, but FMIPA will not provide information that it believes will give an proposer any competitive advantage over another. FMIPA will evaluate answers received from proposers, but will not accept modifications to proposals after the Proposal Due Date.

All other aspects of the RFP document remain the same.
